Arrivals

23/10/2024 4:13 pm BST

The Activities window is a floating window which will show you a list of latest activities occurring in the system.

This page documents the Arrivals Tab.

Details

Opening the Activities Window

1. Select the '**Activities**' button.

2. The Activities window will display. This window can be left 'floating' and can be moved around the browser whilst doing other work.

3. Select the '**Arrivals**' panel.

This menu shows any appointments that have been set as arrived in the practice.

This allows users to see who is waiting to be seen within the pop up window without having to navigate into the Waiting List.
